Welcome to the Jurnal Pengabdian Masyarakat Bestari (JPMB), an academic journal committed to advancing the understanding and application of community service in Indonesia. This journal serves as a platform for researchers, academicians, and practitioners to share their insights and experiences in developing solutions to real-world community challenges through service and engagement. Each issue of JPMB includes research articles, case studies, and best practices that emphasize innovative strategies and collaborative approaches to community empowerment.

Our mission at JPMB is to bridge the gap between academic knowledge and community needs by highlighting programs and initiatives that demonstrate measurable impacts on society. We believe that community service is essential to holistic development, not only in addressing immediate social and economic issues but also in creating sustainable pathways for future progress.

In this volume, we feature diverse studies that reflect the dynamic nature of community engagement across various fields. Topics range from economic empowerment of micro, small, and medium enterprises (MSMEs), health and education initiatives, environmental conservation, to digital literacy programs. Each article represents a unique contribution to the field of community service and showcases collaborative efforts to bring positive changes within different regions of Indonesia.

We extend our gratitude to the authors, reviewers, and editorial board members who have dedicated their time and expertise to uphold the quality and integrity of this journal. We also acknowledge the institutions and community organizations whose invaluable support has been instrumental in the successful execution of these programs.

We hope that the Jurnal Pengabdian Masyarakat Bestari will inspire and inform those involved in community service, encourage academic and institutional collaboration, and contribute to meaningful, long-term social impact.

Happy reading
